December 12, 2006

Following my trip to Tai'an, China, earlier this year, I hosted a public seminar to report on international trade opportunities available to companies in Erie County. This seminar, titled "Erie County USA-Building Relationships with the World," was held in November and served as the initial effort in my program to make our businesses aware of the government services that are available to them. Feedback received after this event indicated that our businesses want more of these types of events.

On Wednesday, January 17, 2007, from 5 PM to 7 PM at the Blasco Library's H. O. Hirt Auditorium, my administration will present its second "Erie County, USA" seminar. This event is subtitled "Erie County Manufacturing Seminar" and will feature speakers explaining the various local, regional, and state programs which are available to Erie area manufacturers.

I invite all of you to attend what I am sure will be a very informative and enlightening evening. A small reception will be held after the seminar in the lobby of the adjoining Erie Maritime Museum. Pre-registration is not required, but if you wish to attend, please RSVP by calling or e-mailing Manager of Operations and Communications Kyle Hannon (451-7440, [khannon@eriecountygov.org](mailto:khannon@eriecountygov.org)) by Friday, January 12, 2007.

Sincerely,

Mark A. DiVecchio  
Erie County Executive
