

The World's Leading Trade Fair for
Moldmaking, Tooling,
Design & Application Development

December 5 – 8, 2007 | Frankfurt am Main, Germany

About EuroMold

www.euromold.com

At EuroMold 2007, you will have the opportunity to meet the customers and partners you are looking for!

The whole process chain "From Design to Prototyping to Series Production" is represented at EuroMold. This unique trade show concept bridges the gap between industrial designers, product developers, producers, suppliers, and end-users.

Last year, exhibitors from around the globe introduced their latest advancements and top concepts to an audience of over 60,000 industry professionals and visitors. This year's show promises to have even more exhibitors and visitors.

Exhibits at the show will include: tooling & moldmaking, patterning & prototyping, tools, advanced materials, digital product development, simulation and engineering & design.

Exhibiting in the Pennsylvania Pavilion enables small-to-medium sized companies to have their own booth at this prominent trade show – without the high cost.

For a registration fee of \$2,500 your company will receive:

- Individual booth within the Pennsylvania Pavilion
- Assistance with booth graphics, including an enlarged image of your company name, logo and product(s), mounted in a lightbox in your booth
- Listing of your company in the show catalogue and electronic media
- Shipping of your product samples and literature to the show
- Exhibitor passes to the show
- Experienced international trade specialists to assist you

Booth space within the Pennsylvania Pavilion is limited and filled on a first-come, first-served basis.
