

# Rio Oil & Gas Expo and Conference 2010

> ready > set > export

## Rio de Janeiro, Brazil | September 13-16, 2010

### RIO OIL AND GAS

Pennsylvania's Center for Trade Development is pleased to offer Pennsylvania companies an opportunity to participate in Rio Oil & Gas Expo and Conference 2010.

With the recent discoveries in deep sea waters, Brazil ranks amongst the top ten countries, with estimated oil reserves of 113 billion barrels. Under its latest 5 year investment program, Petrobras has announced expenditure of US\$178 Bi by 2013 across all of its operations.

Some of the challenges of the deep sea oil reserves that provide opportunity for Pennsylvania companies include:

- > Logistics transferring oil from wells to ships
- > High corrosion, pressure, precision drilling
- > Drilling at a depth of 5-8,000 m
- > Specialty steels, equipment and software needs
- > Refining, upgrades, and retrofits

Please ask if you are unsure whether or not your product/service fits and we can do a preliminary market research to help you make a better informed decision.

To access this market you need the best partner possible in the Brazilian marketplace and our Brazilian Authorized Trade Representative can make this happen free of charge! Call us today to begin utilizing these free, customized services.

### REGISTRATION

Participation agreement and \$2,500 check must be received by **April 1, 2010**. Space is limited!

### ABOUT THE PENNSYLVANIA BOOTH

The Pennsylvania Booth is located within the US Pavilion in Hall 3. Each registered company will be able to advertise their product and services within this customized, air conditioned space and have access to our exclusive meeting area. We will also be providing personalized agendas to fit your business objectives and travel needs.

Your company will receive free access to the show and free entry within the show catalog!

### ABOUT THE SHOW

**Over 35,000 visitors** are expected to attend Rio Oil & Gas. **This event is highly targeted.** It is closed to the general public and only individuals working in the industry and government officials will be permitted to attend.

There will be **over 1000 exhibitors** including the giants Petrobras, Halliburton, Chevron Brasil and many, many more.

Besides the Expo this event also holds a conference bringing together experts in oil and gas from around the world to discuss the latest technologies and new challenges. If you would like to participate in the conference as well there will be a separate charge and you will need to register directly with the show organizers.

To learn more about this event please visit <http://www.ibp.org.br> and click on Rio Oil & Gas.
